Replacement Cost of Car:

First Loss Sum Insured Required:

Include Engine / Transmission?

Who owns the car?

Definitions

 • **Replacement Cost:** This means it would cover the full value of that car by considering the cost of repairing or replacing the property
 • **First Loss:** This means you choose a sum insured that is less than the total value of the car and the Insurer agrees to pay claims up to the agreed sum insured only

Important - When insuring on a 'Replacement Cost' basis you must carefully consider what sum insured you require, taking into account the current market value and any modifications you have made to your car. If you are not VAT registered the insurers will pay the VAT element of the repair so you should include this in your valuation.
